

FIRST WORK OF I.O.P. CONVENTION STARTS MONDAY

Committee on Hearings Will Take up 137 Contests

ALLEN WILL NOMINATE WOOD

CHICAGO, May 29.—Delegates of the republican national convention from all sections of the country flocked into Chicago today. A majority of early arrivals were from southern states and a large proportion of these were negroes contesting for seats in the convention from states where the race question has been an issue.

The national committee's hearing on 137 contests will start today. Campaigners were preparing their plans today for actual work in the convention, shortly after Wood headquarters announced that Governor Henry J. Allen, of Kansas, had been selected to make the principal nominating speech for General Wood, it was announced that George H. Walker, of Seattle had been chosen to nominate Senator Miles Poinindex of Washington. These announcements completed the list of the principal candidates except Lowden and Hoover.

Clarence B. Miller, acting secretary of the national committee, was busy arranging the rooms and offices of the committee at the Coliseum Annex. He also was concerned in seeing that the business of the committee was in shape for Will H. Hays, chairman of the committee, who will arrive from the east tomorrow.

Mr. Hays' first official act will be to entertain the newspaper correspondents at a luncheon. After this function he will discuss with those members of the committee who may be here the selection of a permanent chairman for the convention.

Not all members of the committee will be here for the opening of the contest hearings. Several proxies have been arranged for but the exact number probably will not be known until the committee formally assembles. One of the knotty problems confronting the convention committee is the reducing of over-sized delegations to a size which will permit of their being seated in the space reserved for delegates. This has placed several federal officials in a quandary.

Statements were issued from the headquarters of the presidential candidates summing up the gains reputed to have been made during the week. Unfinished confidence was reflected in the announcements from the Lowden, Wood and Johnson managers. The Lowden camp emphasized an announcement by Robert Haman, of Oklahoma, that the delegates from that state would vote solidly for the Illinois governor.

The Hoover headquarters took on added activity with the arrival of a large force from New York, transferred here for the convention work. There was a steady stream of callers at Harding headquarters.

The first headquarters for a vice presidential candidate opened today. They will be devoted to the interests of Samuel Adams, of Virginia.

Mayor Thompson today appointed a committee to welcome the republican convention delegates. It was announced that 2,000 automobiles and six bands had been placed at the use of the committee. Ten thousand dollars has been appropriated to entertain the visiting delegates and to decorate the principal streets of Chicago.

Begin Draft of Platform.—Washington, May 29.—A tentative draft of the republican national platform has about been completed by the group of party leaders in conference on the subject here. It will be ready for submission early next week to prospective members of the resolutions committee who will be given several days to study it before the Chicago convention meets.

Planks on Mexico and the league of nations are omitted from the draft. It was said today that the party's stand on these subjects would have to be worked out at Chicago. Efforts to bring republican senators in to agreement on a treaty declaration so far have failed, but the leaders said substantial progress had been made in that direction and the basis had been laid for Chicago conferences.

The Mexican plank is generally expected to follow the findings of the senate sub-committee which has spent several months investigating Mexican affairs. The sub-committee is about ready to make its report.

In order to discuss the treaty plank and put finishing touches on the other platform declarations, a number of prospective members of the resolutions committee have been asked to meet in Chicago next Friday with Senator Watson of Indiana, who has presided over the conferees here and is slated for chairman of the committee which will frame the platform.

TWELVE MURDERERS IN CHICAGO JAIL AWAITING DEATH

All Men Sentenced to Pay Penalty in the Past Month

CHICAGO, May 29.—Three men today were sentenced to hang and two others were convicted for murders committed in Chicago within the last few months, bringing the number of criminals now in jail awaiting death on the gallows to twelve. All the twelve verdicts were returned this month. The three sentenced already had been convicted and sentence was pronounced today.

Frank Campione, Thomas Ericeo and Nicholas Viana were sentenced to hang on June 18 for the murder of Albert Kalarza in a pool room last November. Screams from women relatives of the three men greeted the sentence and it was necessary to hold part of the hearing on their demand for a new trial, which was denied them, in private chambers because of the continued moaning of the men and their relatives. At one time it was necessary to adjourn court for half an hour to quiet them.

Harry Andrae and Richard Wilson were convicted of the murder in February of Thomas O'Donnell, a watchman for a shade cloth company. The penalty was fixed at death by hanging. A motion for a new trial will be heard on June 5.

FURTHER RELIEF IN TRAFFIC CONGESTION

WASHINGTON, May 29.—Reflecting relief of traffic congestion and freer movement of coal cars, bituminous coal production of the week-end, May 22, increased 418,000 tons, or 4.8 per cent over the preceding week. Total production, as announced today by the geological survey, was 9,174,000 tons. This was 1,841,000 tons less, however, than the output for the week preceding the strike of railway switchmen. The rate for the week was 13 per cent below that for the first quarter of the year. While production for the year is 35,000,000 tons ahead of 1919, it is 16,000,000 tons behind 1918 and 12,000,000 behind 1917.

GIVES REASONS FOR HIGH SUGAR PRICES

WASHINGTON, May 29.—President Menocal of Cuba, cabled Chairman McNary of the senate sugar investigating committee today that in his opinion high sugar prices were due to drought, which reduced the Cuban crop by nearly one-fourth.

"Original estimate of this present crop was about four millions five hundred thousand tons of sugar, has been reduced to three millions six hundred and fifty thousand tons," the message said. "Reduction, due to heavy drought during last summer."

SNAKE KILLS GIRL AS AUDIENCE LOOKS ON

GENEVA, May 28.—Applause from a large audience resounded in the little theater at Serberuk, near here, on Thursday, while a python slowly crushed its trainer to death. The trainer, a Hungarian girl whose name was Clo, realized her peril and shrieked for help as the coils of the serpent closed about her, but the audience believed her cries were part of the entertainment and cheered loudly. Fraulein Clo's manager rushed on the stage and shot the snake, but not in time.

OBSERVE MEMORIAL DAY IN LONDON

London, May 29.—Decorations Day will be observed here by a memorial service at St. Margaret's chapel, Westminster, the official church of the House of Commons, and the placing of an American flag and a wreath on each of the 2,500 graves of American soldiers, sailors and marines buried in the British Isles. The graves are scattered over 18 cemeteries in 99 towns reaching from the bleak shores of Islay, where the Tuscania and Otranto victims lay, to the sunny shores of Devonshire, where are buried those who succumbed to influenza on transports.

HELD TO GRAND JURY

CHICAGO, May 29.—Theodore Lauchis, of Steger, Ill., was recommended to be held to the grand jury by a coroner's jury today in connection with the murder of John Domeonius, in whose home he was a boarder. Mrs. Domeonius was also held as an accessory to the fact. Lauchis, who was brought here from St. Louis last night, confessed to the jury that he committed the crime so that he could marry Mrs. Domeonius.

INSOLVENT CHARGE DENIED

SIOUX CITY, Ia., May 29.—Denial that the Midland Packing company is insolvent, as charged by five South Dakota stockholders, was made by officials of the company in an answer filed in federal court today to suits asking for a receiver. They also denied that they had violated South Dakota or Iowa laws by selling more stock than authorized.

CHRAP LIVING IN SING SING

Ossining, May 29.—The cost of living in Sing Sing prison is only 22 cents daily for each inmate, according to prison officials. Good food and enough of it, is being obtained at that figure, it was said.

WILSON'S ARMENIA REQUEST UNDER FIRE IN SENATE

Democrats Seek to Modify G. O. P. Refusal

NO DATE SET FOR VOTE

WASHINGTON, May 29.—President Wilson's request that congress authorize a mandate over Armenia came under fire from both democrats and republicans today when the resolution to deny such an authorization was brought up in the senate.

From the democratic side, however, came a proposal to soften the resolution by adding a provision extending American aid in the economic upbuilding of the new near eastern republic. The plan was taken under advisement by the republican leaders. In order that senators might have an opportunity to study, an agreement was made to defer until Monday any attempt to set a date for a vote.

Under the suggested provision, which was presented by Senator Hitchcock, of Nebraska, the administration leader in the treaty fight, a joint commission of Americans and Armenians would be authorized to supervise the sale here of \$50,000,000 in Armenian bonds. The proceeds would to the purchase of railroad and agricultural materials and similar equipment and to the establishment of an Armenian banking system.

There was only a brief discussion of the merits of the president's request, which Senator Hitchcock said he did not intend to support. Several other democratic senators also indicated their disapproval, but Senator Williams, democrat, Mississippi, declared the United States would be unfaithful to its responsibilities if it declined to take the mandate.

FOREST FIRES RAGING IN CANADA

HALIFAX, N. S., May 29.—Forest fires raging in various parts of Nova Scotia today assumed a serious aspect.

Flames spread toward Selma, a village of about 100 families located near Maitland, and women and children turned out to aid men in protecting their homes. Adjacent districts have sent help.

Timberlands near Lattier Brook, seven miles from Maitland, are now ablaze. Maitland was reported saved from destruction only by a sudden shift of wind.

NEW WALKOUT OF RAILMEN PLANNED

CHICAGO, May 29.—Harold Reading, general organizer of the United Enginemen's association, one of the two seceding railroad unions, whose members struck here in April, announced tonight that a new walkout of engine men of the Indiana Harbor Belt line and the Chicago Junction railway went out today. Officers of these lines said that 150 men went out, comprising one-third of their crews.

BRICKLAYERS AND CARPENTERS TO STRIKE

PITTSBURGH, May 29.—Three thousand five hundred bricklayers and 4,000 carpenters will go on strike here next Tuesday morning, according to a statement issued tonight by E. M. Tate, secretary of the Brick Contractors' association and the Master Trades Union.

Secretary Tate stated that the strike would effect a complete tieup in building operations here and would force out of work about 15,000 tradesmen.

NEW CHEMIST FOR MILKIN

DECATUR, Ill., May 29.—Dr. George L. Clark, head of the graduate department of chemistry in Vanderbilt university, Nashville, Tenn., will head the chemistry department of Milklin university, Decatur, succeeding Dr. J. C. Hessler, who goes to Mellen institute, at Pittsburgh, it was announced here today.

QUINCY PAPERS CONSOLIDATE

QUINCY, Ill., May 29.—The Evening Journal, started in 1883 by the late Hiram N. Wheeler, has been sold by the trustees of the Wheeler estate to the publishers of the Morning Whig, the deal to take effect June 1. The purchasers say they have not completed their plans as to the future of either of the papers.

CHINDA WILL BE RELIEVED

CLARENCE BROEKER DIES IN CHICAGO

Nephew of W. S. and Charles Ehnie Succumbed After Short Illness—Had Made Exceptional Record at University.

Clarence Ehnie Broeker died early Saturday morning at the Presbyterian hospital in Chicago, according to a message received by his uncles, W. S. and Charles F. Ehnie, of this city. The young man was twenty-two years of age and had been taking a dental course at the University of Chicago. His illness was of several weeks' duration and when the final hour came his parents, Mr. and Mrs. William F. Broeker and two sisters, Gladys and Dorothy, were with him.

W. S. Ehnie left for Chicago Saturday and will accompany the funeral party to Beardstown today.

The deceased had frequently visited in Jacksonville and was well and favorably known here. After attending the Beardstown high school he took a course in chemistry at the University of Chicago and made an exceptional record. He had opportunity for several scholarships and took one which led to the work at the University of Chicago. His untimely death brings to a close a very promising life.

HIGH SCHOOL FACULTY MEMBERS TO LEAVE

Removed That H. C. Hopkins Will Accept Position With Manufacturing Firm—C. A. Rush May Locate in California.

While the fact has not been officially made known, it is understood that H. C. Hopkins, who has been principal of the Jacksonville high school for the past two years, will not return to the duties of his position next fall. Mr. Hopkins was out of the city yesterday as he left on a late train Friday night for Pennsylvania. It is understood, however, that he told his associates on the high school faculty of his intention to engage in another line of work during the coming year. It is said further that the work would be for a business firm manufacturing certain educational supplies.

C. A. Rush, who has been at the head of the manual training department, is also expected to leave the high school, it was stated Saturday. Mr. Rush announced to friends his intention of locating in California for the coming year.

PROMISE HELP TO TO JAPAN BANKS

TOKIO, May 27.—(By The A. P.)—Promise of governmental assistance to banks and business concerns in good credit has had an excellent effect on the markets and on the general financial situation and "runs" on banks virtually have ceased. Police statistics show that there have been seventy bankruptcy announcements since May 1, of which ten were capitalized at half million yen. Chemical and dye works were the hardest hit.

BANK GIVES UP CHARTER

CHICAGO, May 29.—Announcement was made today by the Peoples Trust & Savings bank that it had assumed the deposits of the Bank of Commerce & Savings and that the latter institution would liquidate its assets and give up its charter. The combined deposits of the combined banks will aggregate more than \$3,500,000. Earle H. Reynolds, president of the Peoples bank, will remain at the head of the enlarged institutions.

\$1,200,000 SPENT IN CAMPAIGN FOR GENERAL WOOD

Information Given to Senate Committee By Sprague

JOHNSON'S FUND NEAR \$200,000

WASHINGTON, May 29.—A campaign fund of approximately \$1,200,000 has been raised for Major General Leonard Wood, A. A. Sprague, of Chicago, treasurer of the Wood organization, testified today before the senate investigating committee.

Mr. Sprague testified that the whole deficiency, that is the difference between the amounts contributed and those spent was \$821,000. Replying to Senator Reed, Democrat, Missouri, he said there was no understanding with any group of rich men that this was repaid.

Mr. Sprague said contributions totaled \$358,768; that Colonel William Cooper Procter, Cincinnati manufacturer had advanced \$521,000; A. E. Monell, of New York \$100,000 and that the Corn Exchange National Bank of Chicago, and the Merchants Loan and Trust Company, of Chicago, had each loaned \$100,000 on notes signed by Colonel Procter.

Contributors to the campaign fund, Mr. Sprague said, included John D. Rockefeller, Jr., \$25,000; A. E. Monell, \$20,000; William Wrigley, Jr., \$20,000; \$10,000; H. M. Byllesby \$15,000; and C. D. Shaffer, Chicago, \$10,000. He added that William Loeb, representing a New York committee, had forwarded \$225,000.

The witness told the committee the agreement with Colonel Procter was that his advance would be paid, but he said he had "very grave doubts" that it would be done, adding that he expected to pay his own note, referring to an instrument placed with one of the banks for \$100,000 and signed jointly by himself and Colonel Procter.

Mr. Sprague handed Chairman Kenyon a detailed statement of receipts and expenditures. It showed receipts of \$1,180,543.20 and expenditures of \$1,174,919.19, with a balance of \$5,624.01.

Wilbur B. Marsh, treasurer of the Democratic national committee, was one of the witnesses interviewed as to a campaign for William C. McAdoo, former secretary of the treasury. He said that published reports to the effect that a \$1,000,000 fund would be raised if Mr. McAdoo was nominated was "an absurdity."

Alexander McCabe, one of the Johnson managers in California, estimated Senator Johnson's national campaign fund at \$200,000 and said that between \$100,000 and \$125,000 had been raised in California by Johnson supporters. Much of this money he said, was sent outside of the state and he could not say positively the exact amount that had been expended within the state. He told the committee that he had telegraphed for his books and he was asked to remain here until they arrived.

Questioned by Senator Spencer, Republican, of Missouri, about a report that \$500,000 in cash had been withdrawn from the Crocker National Bank at San Francisco for the Johnson fund on the eve of election day, Mr. McCabe said the report was a "d-d dirty scandal."

Chairman Kenyon told Senator Spencer his question constituted a "charge" and the Missouri senator said he would furnish the committee the name of his informant so he might be summoned.

PREVOST TAKES STAND IN OWN BEHALF OF MURDER CHARGE

Vehemently Asserts His Innocence Under Cross-Examination While on Stand

MOUNT CLEMENS, Mich., May 29.—Lloyd Prevost's description of events immediately preceding the killing of J. Stanley Brown, last December, was put into the records today when Prevost, accused of the crime, took the stand in his own behalf. His cross-examination had not been completed when court adjourned until Tuesday morning. At one point in the cross-questioning, Prevost vehemently asserted his innocence.

Prevost asserted that on the night of the murder he left Brown at about 10:30 in front of the hotel, where they roomed together.

"I went upstairs and went to bed and did not get up again until 7:45 the next morning. I never saw Brown after I left him in front of the hotel," he testified.

Brown, at the time, he said, was in his automobile and had a quart of whiskey. He had asked Prevost to join him on a party, the defendant said.

Prevost identified the clothing and shoes offered as exhibits by the prosecution as those he wore the day and evening, and said there was no blood marks on them. The revolver produced by the prosecution, he (Prevost) asserted, he never saw until it was shown him in the court room. He had previously identified another revolver as one for which Brown asked him to obtain cartridges.

On cross-examination he was asked by Attorney-General Grosbeck how he knew there were no blood marks on the shoes.

"There are no blood marks on those shoes because I am not guilty of this murder," Prevost declared.

More than 3,000 typewritten sheets of testimony have already been taken in the case, according to court stenographers.

100 FIREMEN REPORTED TO HAVE QUIT WORK

CHICAGO, May 29.—One hundred firemen employed on the Chicago Junction railroad, which handles most of the inter-railroad switching in Chicago, were reported to have struck today, following a secret meeting last night. The strike was called without notice, according to officers of the railroad, who said that no grievances had been presented and no demands for increased wages made by the men.

The Chicago Junction railroad employs 200 firemen. Other roads entering Chicago were reported unaffected by the strike.

LOWDEN SPEAKS TO MIDDLE WEST EDITORS

CHICAGO, May 29.—About 100 editors of middle-west papers left here this afternoon in special cars for Boston, Mass., to attend the National Editorial Association convention. They were entertained here today by representatives of Chicago papers and following a luncheon heard a short address by Governor Frank O. Lowden, of Illinois, candidate for the coal tender nomination for president. Following the Boston convention they will take a three weeks trip through Canada investigating the print paper situation.

TRAINMEN HAVE NARROW ESCAPE

CLINTON, Ia., May 29.—Engineer Ed Peltz and Fireman Warner, both of Rock Island, Ill., escaped with minor injuries this morning when their engine, drawing southbound Burlington passenger train No. 48, left the rails, ploughed a great furrow in the right of way, buckled with the coal tender and turned over on its side in the southwest end of the city. Werner, the more seriously injured, was hurled under a great pile of coal from which Engineer Peltz extricated him.

REBURY WAR VETERAN TODAY

Beloit, Wis., May 29.—A year ago tomorrow Mr. and Mrs. George Robb, of Afton, were grieving because they could not decorate the grave of their son, Edward Leroy Robb, who died at Portsmouth, England, September 28, 1918 on his way to fight with the 86th Division. Tomorrow, Memorial Day, they will see him re-buried at the family cemetery, the body having been returned from England today.

LEVER ACT HELD

Cincinnati, May 29.—U. S. District Judge Peck today held the Lever act and the power of the president to fix prices in the war to be constitutional. He rendered this decision on the demurrers of the Matthew Addy Company, Benjamin N. Ford, vice president of the company to indictment charging them with having violated the Lever act in selling coal at a price above that fixed by the government.

BANK CONDITIONS

NEW YORK, May 29.—The actual condition of clearing house banks and trust companies for the week shows that they hold \$24,338,800 reserve in excess of legal requirements. This is an increase of \$16,648,450 from last week.

NEW YORK, May 29.—The actual condition of clearing house banks and trust companies for the week shows that they hold \$24,338,800 reserve in excess of legal requirements. This is an increase of \$16,648,450 from last week.

SOLDIER RELIEF BILL PASSES HOUSE BY LARGE VOTE

Final Vote on Measure Stood 289 to 92

SENATE WILL ACT NEXT

WASHINGTON, May 29.—The soldier relief bill was passed today by the house 289 to 92 and sent to the senate.

Under the program that brought the final showdown, a two-thirds vote in support of the measure was necessary for its passage and it was obtained after a fight, during which test votes had indicated defeat of the measure.

While only the direct vote on the bill was possible under the suspension program it was preceded by three votes which showed supporters for the measure gradually gaining strength.

The first vote of 193 to 189, coming on a parliamentary question indicated that advocates of the bill were short by votes of the two-thirds majority, while the second, by which the suspension program was adopted, 200 to 165, showed they lacked only 37 votes.

The third test was on applying the suspension program to bill itself, which was carried 175 to 91, two less than the required number for passage.

During roll call the debate was heated. The democrats aided by a minority of the republicans attacking the "gag rule" of the majority.

WASHINGTON, May 29.—Among the representatives who voted for the measure were the following:

Michigan—For: Michener, Smith, Hamilton, Mapes, Kelley, Cranton, Fordney, McLaughlin, Currie, Scott, James. Against: Doremus.

Iowa—For: Hull, Sweet, Haugen, Ramseyer, Dowell, Towner, Green, Dickinson, Bois. Against: Good.

Illinois—For: Yates, Madden, Wilson, Jones, J. Rainey, Sabath, McAndrews, Gallagher, Brattin, Chidbloom, Copley, Fuller, McKenzie, Graham, Ireland, Smith, McKinley, H. Rainey, Wheeler, Rodenberg, Brooks, Williams, Dennison. Against: Mason, Mann, Cannon.

SOCIALISTS TENDER DEBS NOMINATION

ATLANTA, Ga., May 29.—Eugene V. Debs accepted today the socialist nomination for president of the United States, formally tendered him by a committee from his party.

The ceremony took place in cars for the Atlanta federal penitentiary, where Debs is serving a ten-year term on conviction of violating the espionage act, and the nominee was clad in the blue denim garb of a prisoner. For once, however, prison rules were somewhat relaxed; speeches were made, moving pictures were cranked their machines and newspapermen jotted down notes.

Under prison rules Debs could not issue a statement, but he made a brief speech in which he thanked the party for the honor again conferred upon him.

BREAKS ALTITUDE RECORD

EL PASO, Tex., May 29.—Another world's record for altitude was said to have been broken at Kelly field yesterday when Lieut. Harry Weddington took a de Havilland airplane to a height of approximately 19,856 feet with four passengers. The plane climbed for one hour and ten minutes, returning in twenty minutes.

PULP WOOD FORESTS BURNED

Houlton, Maine, May 29.—Extensive areas of timber land and pulp wood forests have been devastated by fires which are sweeping thru a large part of northern Aroostook county. Fire wardens said tonight that there was little hope of extinguishing them until a heavy rain fell.

THE WEIGHT OF PUBLIC OPINION

Public opinion they say is necessary for the enforcement of any law. Evidently authorities do not believe that public opinion is strongly entrenched behind the prohibition law as related to Chicago. It is a matter of common knowledge that alcoholic drinks are obtainable in a great many of Chicago's unlicensed 4,000 saloons. Or perhaps the authorities believe that the law will enforce itself a little later or when the supply of booze has been exhausted or dwindled to such a point that the prices charged are prohibitive.

Samuel Adams of New Jersey is an announced candidate for the

Republican vice presidency nomination. The New Jersey man has a name of such prominence in American history that he ought to stand an excellent chance of securing second place on the party ticket.

The Presbyterian general assembly went on record as favoring the league of nations and deploring the long and useless debate about it. That looks like an endorsement of President Wilson's stand, but it is a noteworthy fact that a lot of the delegates vociferously demanded that they be recorded against the motion as presented.

It is said that there are now 250,000 railroad employees who are out as a result of the outlaw switchmen's walkout which has been in force for two months or more. It is hoped that the brotherhood officials will not demand back pay for this two months' period for the 250,000 men who have been engaged in other work. But come to think of it, since the public is not entitled to have any part in wage disputes, why worry about the matter of a few million more or less.

The East Morgan street lot arranged for automobile parking space is conveniently located in relation to the public square. Thus far one car only has made use of the offered facilities and it is not surprising that the custodian is a little bit discouraged.

GRATITUDE IN THE MIDST OF TEARS

A platform speaker in Jacksonville recently referred to Decoration Day of 1918. It was on that day that news was received of a great drive being made by the Germans and the progress toward Paris in one day's time of 17 miles. It was a discouraging outlook but those who had faith believed that a brighter day would dawn, and so it was—a day when the nemy gave up the fight against civilization and surrendered.

And tomorrow as the graves of fallen heroes of three wars are decorated as their memories are honored, there can come a sincere gratitude that the number of graves is not greater. There was every promise two years ago that by this time the American patriotic dead would be numbered by the hundred thousand rather than by the thousand.

Perhaps Mr. Palmer will not feel at all badly about all the charges made against him as the result of the investigation of campaign expenditures going on at Washington. The candidate is certainly getting a lot of front page publicity and as a general thing he doesn't at all object to the limelight.

Rippling Rhymes By Walt Mason

AT NIGHT
When I lay me down to rest, at ten minutes after nine, having all day done my best, tranquil is this heart of mine. I have gained an honest plunk, earned it in the sweat that pours; so I lie upon my bunk, springing ground and lofty snores. I have done no evil trick, I have fleeced no trusting hick, I have jumped no merchant's bill. If I've injured any gent, if I've caused the least distress, 'twas not done with fell intent—'twas pure awkwardness, I guess. So I seek my humble cot, and in dreams my spirit soars; and the neighbors hear, I wot, all my plain and fancy snores. Oh, the long and dragging nights that the crooked people know! Then it is that Conscience smites with a solar plexus blow. In the day the sinful guys may proceed with haughty tread; in the night the ghosts arise, and stand grinning round the bed. If you'd know what sleep profound, if you'd have no ghosts around, you must have a mind serene. There is sorrow in the night, there are phantoms breathing woe, if your conscience isn't white as the well known driven snow.

People's Furniture Co. will give Double Stamps June 2.

THE BOY SCOUT MOVEMENT

Boy Scout week begins today and will be observed thruout the U. S. with programs of both indoor and outdoor activities. Conclusive proof of the worth of the Boy Scout movement is found in the pledge which each lad takes and it is as follows:
"On my honor I will do my best—to do my duty to God and my country and to obey the Scout law; to help other people at all times; to keep myself physically strong, mentally awake and morally straight."

No less an influential paper than the New York Sun said of the Boy Scout movement:
"The business of growing up—like various other business, not at all what it used to be. The boy today has to fit himself for intelligent service to the nation more than he ever did before."

"This is a time when Eton collars and patent leather shoes are not quite so much a part of the boy as they used to be. The schools are discouraging nambypaminess in so far as is consistent with the same educational program. And certainly public opinion scoffs on Little Lord Fauntleroyism."

"The Boy Scouts of America is an organization in which there is no room for 'sissies.' It backs a program of wholesome, constructive outdoor activities, a program in which spontaneity plays a leading part."

"Now, as never before, is the time to get up into the hills or cut on the water under just exactly the same kind of leadership as was suggested in the letter referred to."

Kresge Employees Enjoy Banquet

Employees of the S. S. Kresge company enjoyed a variety treat Friday night on the second floor of the store building. There were several features of the evening, including a banquet served by the Ladies' Aid of the Centenary church. Following the dinner a program of songs and talks was carried out. E. L. Kinney of the Cloverleaf Life Insurance Company, delivering the main address concerning business lines and the chain store success. Miss Dorothea Miller, the girls' secretary of the promotion department, Kresge company, gave a much enjoyed discourse and discussion of the Kresge clubs. Preparations for organizing one in this city were made and the headquarters will be in the upper floor of the building. The employees enthusiastically entered into the spirit. Later "The End of the Rainbow" with "Bessie Brown" the moving picture taken by, for and of the Kresge company and featuring the life of one of the salesladies, was shown. The evening was agreeably ended with dancing.

Pupils of I. S. E. in Musical Program

In several young men from the School for the Blind pleasantly surprised Mr. and Mrs. B. C. Madison recently by going unannounced to their home, 308 Howe street, bringing with them a former pupil of the school and now of Chicago. The latter furnished an excellent musical program during the evening, and the other guests were heard in several vocal numbers. The impromptu program furnished much enjoyment to the large number who heard it.

President and Mrs. Rammelkamp Entertain I. C. Seniors

President and Mrs. C. H. Rammelkamp entertained the Senior class of Illinois college Saturday evening at a progressive dinner. The women remained at the table and the men moved after each course. All the seniors who were in the city were present and greatly enjoyed the evening. Dean and Mrs. Hayden were also present.

After the menu was finished the class held a brief business meeting at which time they finished the business of paying for the "Big Veda." They also sent greetings to Fred Bray and Everett Whisler, who finished their work the first semester and will not be able to return for commencement.

Belles Lettres Society Gave Luncheon at Colonial Inn

Members of Belles Lettres society of Illinois Woman's college from the under classes gave a luncheon at Colonial Inn at 1 o'clock Saturday afternoon in honor of members of the society who are seniors. Forty-seven were present and the function proved one of the most delightful of the commencement season. The decorations were pink and white, and Ward roses also were used in profusion.

Gamma Delta Society Entertained

The Gamma Delta Literary society of Illinois college was very pleasantly entertained Saturday afternoon by the honorary members at the home of Mrs. Bullard, 3 Duncan place. The party was a delightful gathering before the girls leave for the summer vacation. A very pleasing program was given. Ruth Melba Armstrong sang, "The Star," by James Rogers, and "Flanders Requiem," by Frank La Gorge. Mrs. Perry

C. Thompson read the scene from Ingomar, called "The Barbarian." The honorary members present were, Mrs. Jeanette Ogden, Mrs. E. P. Kirby, Mrs. Charles B. Burt, Mrs. Bullard, Mrs. J. L. Johnson, Miss Hilda Raetzman, Miss Isabelle Smith and Miss Maria Fairbank.

Party at Centenary Church

Members of the recent contest, which the W. W. W. class has been holding, entertained at a party in the parlors of Centenary church last evening. The evening was pleasantly spent playing games and with music. Delicious refreshments were served during the evening.

Mr. and Mrs. George Orear Entertain Wedding Party

Mr. and Mrs. George Orear entertained the members of the Buck-andre wedding party at their country home east of the city at 7 o'clock dinner Saturday evening. The dinner was served by the Peacock Inn, and the appointments were perfect in every detail. Messrs. Buck, O'Connell, Lynn and Smith and Miss Buck of Springfield were among the out of town guests.

TWO INJURED WHEN AUTO TURNS TURTLE

Milton Stout and Leonard Potter received severe cuts and bruises when a Ford Sedan in which they were riding overturned in South Hardin avenue in South Jacksonville, about midnight Saturday.

Mr. Stout received cuts about the head and Mr. Potter suffered a cut on the hand and one leg also was hurt. The men were taken to Our Savior's hospital, where their injuries were attended by Dr. Norris.

Messrs. Stout and Potter had been out to the country home of George Orear, where they served a dinner party, and Mr. Orear loaned them his sedan to return to the city.

When they reached the foot of the hill in Hardin avenue the car failed to respond to the steering gear and overturned. All of the glass was broken and one wheel torn off. The men were cut by flying glass, but were able to leave the hospital as soon as their injuries were dressed. They were fortunate indeed in receiving only minor hurts when the accident might easily have resulted seriously.

With the Sick

Major John A. Vickery was on the streets yesterday for a short time and was warmly greeted by many friends, following his extended period of illness.

RETURNS FROM OHIO

Dr. J. G. Ames returned Saturday night from Mt. Vernon, Ohio, where he went to attend the funeral of his wife's father, Mr. Kirk. This morning Delano Kirk Ames came to Jacksonville from Roswell, New Mexico, and will be here for a number of days while his father, Benjamin Ames, is in Mt. Vernon.

WORLD'S RECORD MADE BY MAN O' WAR
New York, May 29.—A world's record for a one mile horse race around turns was made today by the three year old Man O' War, winner of the 1919 Futurity, in covering the distance in the Withers stake at Belmont park in one minute, 35 3-5 seconds. The former record, 1:36 1-5 was made in August 1918 by Sunblar at Saratoga. Y and equalled there a year later by Fairy Wand.

MURDERER SHOT TO DEATH
Alam, Ark., May 29.—Lester Clark, alias Roy Allen, wanted in Eufala, Okla., on a charge of murder and in Washington state on charges of bigamy and forgery, was shot to death this afternoon on a farm near here, when he resisted efforts of Sheriff J. W. McCune, of Eufala to place him under arrest.

ORDER FARMERS TO STORE WHEAT
Oklahoma City, May 29.—Farmers are ordered to prepare immediately to store this year's wheat crop, on their farms in a resolution adopted today by representatives of all the wheat growing counties of the state in session here.

IT'S the man of farsight and vision that turns the conditions of today to his future advantage. The dollar of today looks mighty small in relation to its buying power and most of us are getting a sufficient number of those dollars to meet our current cost of living and few dollars over. But the days are not far off when that dollar will grow in purchasing power and when it does the dollars will not be so plentifully or generously circulated. The man who saves those little dollars now and puts them away in a safe Savings Bank will find they have grown tremendously in importance and usefulness when dollars are scarcer and when the spendthrifts and improvident have carelessly failed to conserve against future opportunity and need.

Now is the time to save—now while the dollars are easy to get. You cannot "eat your cake and have it too." So let's save the cake for a time when it will be most substantial and harder to procure.

Save those little 1920 dollars. They'll be mighty big dollars in 1925, or before.

Story's Exchange

FARM LANDS

Now with the coming of settled weather and good roads we are ready to "go some more." The following farms are just now listed and are being first offered for sale.

(a)—160 acres, three and one half miles from a good Morgan county town, convenient to church and school, public road on two sides and in a splendid neighborhood. There are 100 acres of black land a little rolling land just at the barn where you need it. New house, large horse barn and other outbuildings. Price \$250 an acre.

(b)—A splendid farm of 220 acres straight south of the city, nearly all level farming land in high state of fertility, well fenced, and all in grass but 40 acres. A good two story house, large horse barn, hog barn and other outbuildings. Price \$190 an acre.

(c)—320 acres four miles from town, well improved, for \$150 an acre. Will consider some city property in exchange.

(d)—80 acres two and one half miles from town. \$45 an acre.

CITY PROPERTY

(a)—In the third ward we have a five room cottage with gas and electricity, paved street, deep lot. \$1600.

(b)—In the third ward a six room house, gas and water inside, garage and chicken house. This is a beautiful home for \$3600.

(c)—In the second ward there is a splendid house of eight rooms, large lot, east front, barn and garage. Fine location. Price \$600.

MONEY

We are listing money to lend every few days. Let us know how much you can use.

RECEIVES WORD OF GRANDFATHER'S DEATH

Albert Hart of this city has received word of the death of his grandfather George W. Fanning at Los Angeles, Calif. The deceased was a long time resident of Jacksonville and will be well remembered here by a large number of people. He was 80 years of age. For the past five years he has made his home in Los Angeles with his son, Harvey Fanning. He was a veteran of the Civil war. His wife preceded him in death about twelve years ago. The following children survive: Harvey, Fletcher, Edward and Earl of Los Angeles, California, Mrs. Princy Yorker of Granite City, Ill., and Mrs.

Nellie Mills of Columbus, California. Interment took place in California yesterday.

SOME IMPROVEMENT

A justice of the peace was remarking yesterday that about four cases a month will represent the arrests and trials for drunk and disorderly whereas during one month, October, 1904 there were about a hundred. Comment would seem to be unnecessary.

MATHIS, KAMM & SHIBE SAY:

Men's white or Palm Beach canvas oxfords are neat, cool, easy to the feet, and by the way, they are easy to the pocketbook.

C. G. Dewese of Joy Prairie traveled to the city yesterday.

MAVERICKS

A mandate over a few sugar plantations would be more effective than one over Armenia.

Prohibitionists favor Capper and Sheppard the dispatches tell us. Well, if we have to have a prohibition president and vice-president they will suit us as well as anybody else.

We noted in our columns Saturday morning that a stranger found wandering about in South Jacksonville was taken to Jacksonville State Hospital for observation because he said he was going barefooted to beat the high price of shoes. In our opinion that shows the man to be perfectly normal. If present prices keep up they will have a lot of us out there for observation.

Hope They Don't Get Mixed.

A Bloomington drug store advertises a fine bug killer and in the same column of the paper says follow the crowds and try the famous Fruitti punch.

It would please the public lots better if Secretary Daniels and Admiral Sims would settle their controversy according to Marquis of Queensbury rules instead of thru the newspapers.

Thrice They Passed the Crown. Nicholas Butler Murray. It is said will refuse the nomination for the vice presidency. Nicholas looks to be a dead one. He refuses the vice presidency before it is offered and there is not a chance of his receiving the nomination for president.

We Don't Blame Him.

William McAdoo says that they will have to drag him into the race for the nomination for president on the Democratic ticket.

New Version of an Old Story. When first he came to see her, He showed a timid heart. And when the lights were low They sat this far apart.

But when this love grew warmer And they learned the joy of a kiss, They knocked out all the spaces And sat up close like this. —Barry Adage.

Names is Names. John Brew of St. Louis has been visiting relatives in Pittsfield.

Shoes will be cheaper next winter, it is said, providing nothing unforeseen occurs in the meantime. Might just as well prepare for the same prices.

The bureau of Mines says there is enough coal to last 7,000 years. But we hope we don't have to live that long and pay the present prices.

Why Not Oratory?

Mrs. Mabel Finchum has returned to their new home at El Dara but can't say when Forry will come. The war department wishes him to take lessons in pharmacy—or some useful trade. El Dara Correspondence in Barry Adage.

John W. Davis, ambassador to Great Britain is referred to as the bright light of Democrats. From present indications the party needs some kind of light.

President Wilson in his veto of the joint resolution declaring war with Germany at an end, says the United States entered the war reluctantly. We'll say she did. Mr. Wilson spent lots of valuable time writing notes before he finally decided to fight.

Lem Balance was elected chairman of the Marion county board of supervisors. He ought to be able to keep things pretty level.

Mr. Obregon might as well make his will. G. W. D.

A BARGAIN

Mr. Purchaser does this sound like a bargain? A nine room house, modern, with three oak floors and two grates, large barn with shed on two sides, with concrete drive thru garage; chicken house, lots of fruit and about one and one half acres of ground. Good location. The price is \$5,000. If interested, call George A. Taylor, either phone.

MATHIS, KAMM & SHIBE SAY: "It is our business to keep closely in touch with the shoe market. There is nothing to indicate lower priced shoes for several months, at least. Whenever we can buy for less money our customers will immediately receive the benefit."

Mrs. Harbert DeLong and daughter, Clara, were up to the city from Wadsworth yesterday.

BE CAREFUL IN THE PARKS

Everyone who visits Nichols park is loud in praise of that beautiful place and truly it is lovely, and never looked more attractive than at present. Persons from other states say they have seen nothing superior.

Central park is also putting on its best. Lovely flowers have been placed in the large urns on the monument, adding greatly to its beauty, and now, if people will

be careful about scattering paper and banana peelings it will help matters. There are cans for banana rinds, and yet people will throw down the offending substances right by the receptacle. The parks are free for all and all are respectfully urged to help keep them looking nice and trim.

FAR EAST PLAY AT LUTTRELL'S MONDAY

Critics who have had an opportunity to obtain a pre-release view of the latest Universal-Jewel production, "The Virgin of Stamboul," starring Priscilla Dean, have been unstinted in their praise of this picturesque photodrama which is announced for Monday and Tuesday at Luttrell's theater.

The story was written especially for Priscilla Dean, by H. H. Van Loan, the scenes of which are laid in Stamboul, the wickedest city in the world.

The central figure in "The Virgin of Stamboul" is Sari, a beggar girl on the streets of the Turkish city, wild as an Arabian steed, and according to the Moslem creed, with a soul as the filth in the streets. While secreted in the mosque, whether she had gone, against the law, to pray that her soul may be cleansed, she is witness to a brutal crime and becomes embroiled in a chain of circumstances as fantastic as the Arabian Nights.

Sari's meeting with the young American commander of the Black Horse Troop, composed of the scum of Asia, her wooing by the powerful sheik, her imprisonment in and escape from the harem, her wild ride across the desert at the head of the untamed cavalry—all are but a few incidents from a story that is alive with tense drama and stirring situations.

MARRIAGE LICENSE ISSUED
In Springfield Saturday a license to marry was issued to Rumsen S. Lyons and Miss Edith Shores, both of Waverly.

SERVICE STAR LEGION

The regular monthly meeting of the Service Star Legion was held on Friday afternoon at 3 o'clock at the public library. There was a good attendance, several new members were enrolled and several subscribers to the magazine listed. Last year the Service Star Legion placed flags and flowers on the veterans' graves and upon those of the world war dead. This year the American Legion will do this work, and our chapter voted a gift of \$5 to the flower fund for the American Legion to use for Decoration day.

Our national president decrees that every mother, wife or sister whose son, husband or brother saw service in the world war shall display the American flag and the service flag in a window on May 30, July 4 and Nov. 11. (Since Monday, the 31st, is to be observed as Decoration day, leave the flags up for that occasion.)

On next Friday our monthly social meeting will be held with Mrs. Dodsworth. The assistant hostesses will be announced later. It is the plan of the chapter to hold special meetings thruout the summer, taking up the business again in the early fall.

AUTOMOBILE WRECKS BUGGY; INJURES HORSE

Vehicle and Horse Struck by Speeding Automobile at Corner of Jordan and North Prairie Streets—No One in Buggy at Time of Accident.

Saturday evening about 10 o'clock a speeding automobile struck a horse and buggy belonging to Raymond Surratt at the intersection of Jordan and North Prairie streets. The buggy was badly damaged and the horse also injured. However, the injuries for the most part were slight cuts and bruises.

Surratt, who resides on the William Leake farm northwest of the city, drove to town Saturday evening and tied his horse in the rear of the court house in West Court street.

The animal in some manner got loose and started home. At the corner of Jordan and North Prairie streets it was struck by a large automobile traveling north in Prairie street.

Pedestrians who were near and saw the accident said the automobile was running a high rate of speed. The occupants never stopped to see what damage had been done.

DECORATION DAY PROGRAM AT BLUFFS

American Legion Prepares for Memorial Day Exercises Sunday Afternoon—Other Bluffs News Notes.

Bluffs, May 29.—The American Legion boys are making preparations for Memorial Day exercises to be given at the opera house at 2:30 o'clock. The program will be a variation of musical numbers, readings and songs. Rev. E. D. Palmer will deliver the address and will be assisted by the Rev. E. J. Rees. A delegation will march to the cemetery, where services are also to be held.

Miss LaBelle Vannier, assisted by Misses Faye Rees and Zeta Merriss, gave a party at the former's home Wednesday

evening in honor of Miss Blanch Hinthorn of Bloomington. The party, twenty-four in number, arrived about 8 o'clock and enjoyed a pleasant evening at Rook. Later they went to a nearby pasture, where a weiner roast and marshmallow toast was indulged in. The out-of-town guests were Miss Blanch Hinthorn, Bloomington; Leo Perbix and sister, Miss Norma, of Markham; Miss Ethel Leslie, also of Markham.

The Foreign and Home Missionary society of Bluffs gave a "silver tea" at the M. P. church Wednesday afternoon. The regular program was the order of the meeting, led by Mrs. S. M. Carver. Each member was allowed the privilege of one guest. The silver offering was applied to the emergency fund of the treasury. Mr. and Mrs. Earl Burris, who have been the guests of the former's parents, Mr. and Mrs. P. C. Burris, have returned to their home in Decatur.

AMERICAN DIPLOMATIC SECRET DISCLOSED.

Philadelphia—A musty American diplomatic secret has been disclosed here through announcement that Canada soon will send its own minister to Washington.

It is that for the last ten years a specially made chair, carved with the Canadian coat of arms, has been waiting in Washington for use by the envoy.

Elihu Root, then secretary of state, ordered the chair, one of many specially designed for the Pan-American union building at the capitol, Andrew Carnegie's memorial to cement more friendly relations of the Americas. The story is told by Albert Kelsey, of this city, one of the architects of the Pan-American building, who said:

"Once a month the ambassadors and ministers of all the American republics meet and are presided over by our secretary of state in the Pan-American building and each representative has a chair of his own, with the arms of his country carved on the back."

"Now when these chairs were decided on, Secretary Root asked me to have an additional one made with the Canadian arms on it, which was done, and which has been hidden for the past ten years for Secretary Root cautioned me to use his exact words to be a 'little reticent about the matter.'"

It's hard to beat a party when they are "Wright."

That's us, People's Furniture Co., 209 So. Sandy Street.

IN REMEMBRANCE MAY 30.

Come with the flowers that bloom in the May

And twine a bright wreath in remembrance today

Of the deeds of the men who dressed in the blue

And fought in the 60's for me and for you,

With tears for the dead, for the living a prayer.

And that flag without blemish, her stars all there,

That Star Spangled Banner, that all thru the years

Gave promise and hope in a world full of tears,

Let it fly all the day o'er steeple and mart,

Old Glory, so dear to America's heart,

And bring the bright smile to the aged and few,

Of the boys who remain of the Army of Blue.

Full is the heart and grateful are we

For our flag and our union, the land of the free.

As we come with our tributes, our vines and our flowers,

Let us not forget these blessings of ours,

Susie A. Hughes.

Supplies—Accessories

It is hard to say just what branch of service is of the most importance to the motorist or truck or car owner, the needs are so interdependent. Without gas, oil, air, the cars cannot be run. So, too without tires and tubes the car is of no service.

After a long investigation we decided upon the Bergougnan tire as the one that would give the utmost service to the public, a tire that would cause the least trouble and be a positive pleasure to sell. Also, for certain service we took the distribution of the Lee products, and the Tiger.

You will find here all sizes of chains, jacks, pumps, spark plugs, auto-theft locks, and, in short, everything the autoist may require.

JORDAN

In reply to the question, "Where is the saturation point in automobile sales?" Mr. Edward S. Jordan, president of the Jordan Motor Car Company, of Cleveland, replied: "When everyone drives and no automobiles wear out."

"The tendency, however, is very definitely toward standardization of the industry. With production still far behind orders, every effort is being made to bring the number of cars of each individual factory up to the minimum of production. Labor conditions in general, lack of materials, and a tightening of the money market, has caused many plants to fall below quotas set for this time of the year.

"Consolidation of plants is a problem of the future. The need of today that confronts the automobile manufacturer is not the market saturation but rather, how to produce cars to cover the orders already on file. No doubt the time will come when the automobile industry will shake down to a few great controlling companies. This is seemingly a long way off, however.

"When the day comes when automobiles will be bought rather than sold, then the test period will have arrived to determine how many of the cars built today can survive without consolidating with other car manufacturers.

"Such a move would bring production up to a higher degree of efficiency and would minimize financial difficulties which are always so prevalent when supply exceeds demand."

TUBERCULOSIS SURVEY IN GREENE COUNTY

Miss Lucile Hyde of Springfield Completes Survey of White Hall Township — Amazing Facts Revealed.

White Hall, May 28.—Tuberculosis survey of White Hall township has just been completed by Miss Lucile Hyde, of Springfield, under the direction of the Illinois Tuberculosis Association, revealing some rather amazing facts, one of which is that the records of the county clerk shows a percentage of deaths from tuberculosis in White Hall township that exceeds the death rate from that cause for the entire county of Greene. This is, however, the first health survey that has been made in Greene county, and the comparison can not be made as to the general health situation when White Hall is compared with the whole of Greene county.

Greene county is one of the very few counties in the state that had not undertaken a county health survey. The survey for White Hall township was undertaken by the White Hall Round Table in co-operation with the Illinois Tuberculosis Association. The latter organization provided the services of Miss Hyde, a graduate nurse, and the local organization gave assistance in every other way, enabling the work to be completed in two weeks. The work was carried out in such a thorough manner that it is believed that should a county survey be undertaken the present findings for White Hall will be accepted without question as correct and authentic, as few engaged in this line of public duty can show more capability and energy than Miss Hyde.

Schools First Surveyed.
The schools were the first to be surveyed, and this included a rather hurried inspection of the grade pupils. An amazing amount of under-nourished children, and those with adenoids, had tonsils and defective eyesight was found to prevail through the grades, and in every case the parents or guardian of the pupils so affected were interviewed with what promises to be most beneficial results. Strong recommendations were made for relief from the crowded condition of the school. Approximately two hundred calls were made on private families at homes in town and in the country. One day was spent in compiling data from the death records at the court house, and this compilation disclosed the high death rate from tuberculosis in White Hall township as follows: Definitely proved as caused by tuberculosis, 18; tuberculosis stated as contributory cause, 1. Death probably due to tuberculosis, 11. The following cases of tuberculosis are summarized as follows: Diagnosed cases, 14; suspected cases, 87; contact cases, 218. The report goes into great detail in dividing the cases into yearly periods, and into groups as to ages. The greatest number of deaths is between the ages of 30 and 39 years.

Free Clinic to Follow.
The Illinois Tuberculosis Association is engaged in a tuberculosis survey for the entire state, and White Hall township is the only part of Greene county that has undertaken the work. Nearly every other county in the state is making a survey for the entire county. The survey is followed by a free clinic conducted by a tuberculosis specialist from Springfield, as the main object of the survey is the establishment of a free clinic. Miss Hyde, who conducted the White Hall survey is a graduate nurse, and has recently completed a special course in public health work at the Chicago School of Civics and Philanthropy. During the progress of the survey four-minute speakers addressed audiences at the Princess theatre on four evenings. Capt. Dean Corsa made a telling point by showing the value of a school nurse in times of epidemic. It is more than likely that if a school nurse had been on duty there would not have been the serious epidemics of the past two winters that have been a handicap to school work and practically every other interest in the community. Carrallton with a school nurse did not suffer the consequences of epidemics as White Hall and Roodhouse suffered without school nurses. The other four-minute speakers were Revs. Lucas, Swert and Howard.

Epidemic Preventable.
Measles, influenza and pneumonia are forerunners of tuberculosis without properly safeguarding such attacks. School Supt. Smith is quoted as saying that the past two terms of school have been badly handicapped by epidemics that might have been avoided with proper health precautions here outlined.

White Hall feels under great obligations to the Illinois Tuberculosis Association and Miss Hyde for the foundation work of a great health crusade here, which the Round Table proposes shall be pushed to a successful issue, even should the other clubs co-operate, hardly a possibility from the results of conferences during the past day or two.

ILLINOIS COLLEGE NOTES

Professor Isabel S. Smith lead the final meeting of the Y. M. C. A. and the Y. W. C. A. at the chapel exercises Tuesday morning. Mrs. A. R. Gregory, '08, delighted

the students by singing the solo, "Mother of Mine."

Professor William H. Stevenson has been appointed to represent Illinois college at the semi-centennial celebration of the Iowa State College of Agriculture and Mechanical Arts. Professor Stevenson is one of the alumni of the college who has distinguished himself in the field of agriculture.

Instead of the usual exercises the graduating class of Whipple academy will present the play, "The Hour Glass," a beautiful and impressive morality, written by Wm. Butler Yeats. This play will be given under the direction of Mrs. Perry C. Thompson, Monday morning, June 7, at 10:00 a. m. in the college grove. In case of rain it may be given in the Jones chapel. The public is cordially invited.

The last exercises of the year were held Friday morning. Both Dean Hayden and President Rammelkamp made some remarks appropriate to the occasion. Coach W. T. Harmon has been kept at home for a few days by illness.

Professor and Mrs. J. G. Ames were called to Mt. Vernon, Ohio, recently on account of the death of Dessau Kirk, the father of Mrs. Ames.

Mrs. George H. Scott entertained the Sigma Phi Epsilon society at her home on Grove street Wednesday afternoon at a garden party. The entertainment for the party was carried out in the scheme of a "Story of the Flowers." Miss Dorothy Rogerson received a huge bouquet of iris for the best interpretation of the flower story.

The final examinations of the year began Saturday. The examinations will be held both at the college and in the David Prince auditorium.

Professor George H. Scott judged a contest in declamation at Carlinville Friday. Messrs. Bryce Whistler, '19, Byron Cully, '22, and Henry Smith, '21, were also at Carlinville Friday judging the high school athletic meet.

Perfection's Price
In Tire Building

A tire-maker's first problem is to decide how much he can give for the money. This, and every other question in tire building, depends upon policies.

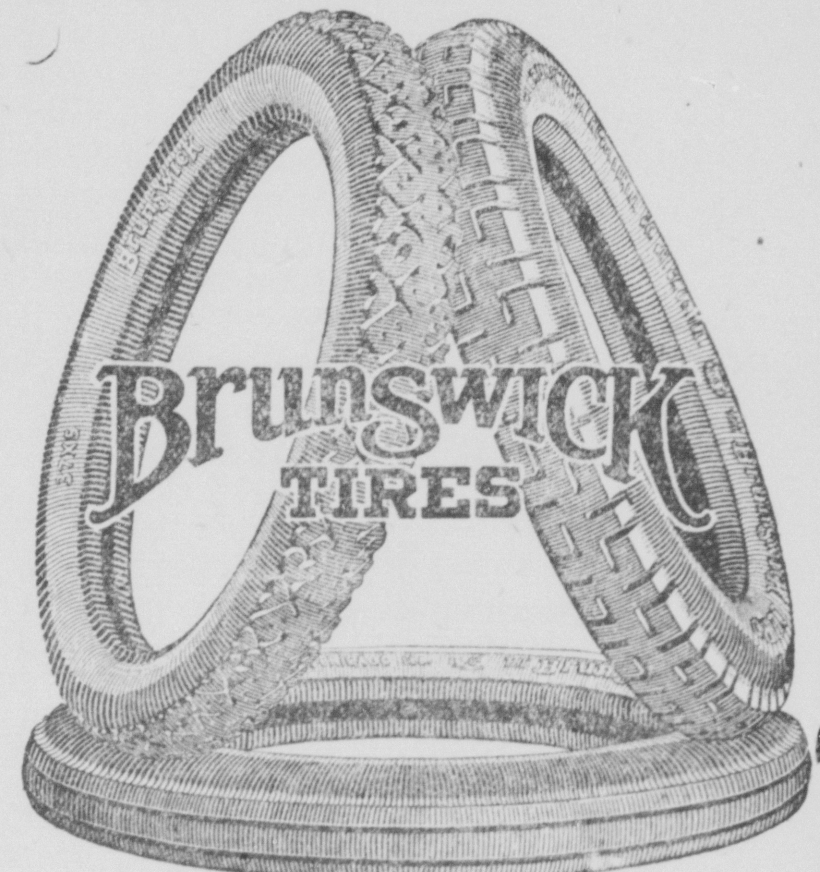

A super-tire, such as The Brunswick, can be made only by a concern which knows well and appreciates that there is nothing exclusive in the tire industry except high standards.

Since 1845 the House of Brunswick has held first place in every line it entered. Brunswick Tires, as more and more motorists come to know them, will certainly be awarded that coveted place held only by the superfine.

Motorists who buy one Brunswick usually adopt it for complete equipment. Yet this is not strange, since the first one so completely proves its superiority.

If the name of Brunswick certifies to you, as to most men, an extraordinary tire, at no higher price, would it not be good business to test one or two Brunswick Tires?

If the CHALMERS Engine Had Windows You Would See These Revolutionary Processes

THE great thing about a motor car, after all, is how it transforms the energy that nature stored away in gasoline into horsepower.

Chalmers today leads in this, and the automobile industry to a large extent has accepted the Chalmers principles by which power is wrung from "gas."

If the Chalmers engine had windows you would witness these two amazing processes.

You would see the Hot Spot heat up and, like a hot stove sending up into steam water dropped on it, transform the raw, inferior "gas" of the day into a "vapor cloud."

You would see the instantaneous change from a "rainy liquid gas" to a so-called "dry gas."

Then you would look through Ram's-horn and note this "vapor

cloud" being rushed at a velocity of one hundred miles an hour through easy air bends an equal but short distance to each cylinder.

You would see the explosions in the cylinders, how much of this "cloud" was converted into power, how little was wasted through the exhaust.

You would note, too, how even and smooth these explosions were, and how absent the element of vibration that raises so much havoc in a car.

You would understand clearly how such troubles as frequently fouled spark plugs, burned bearings, and scored cylinders are absent in a Chalmers.

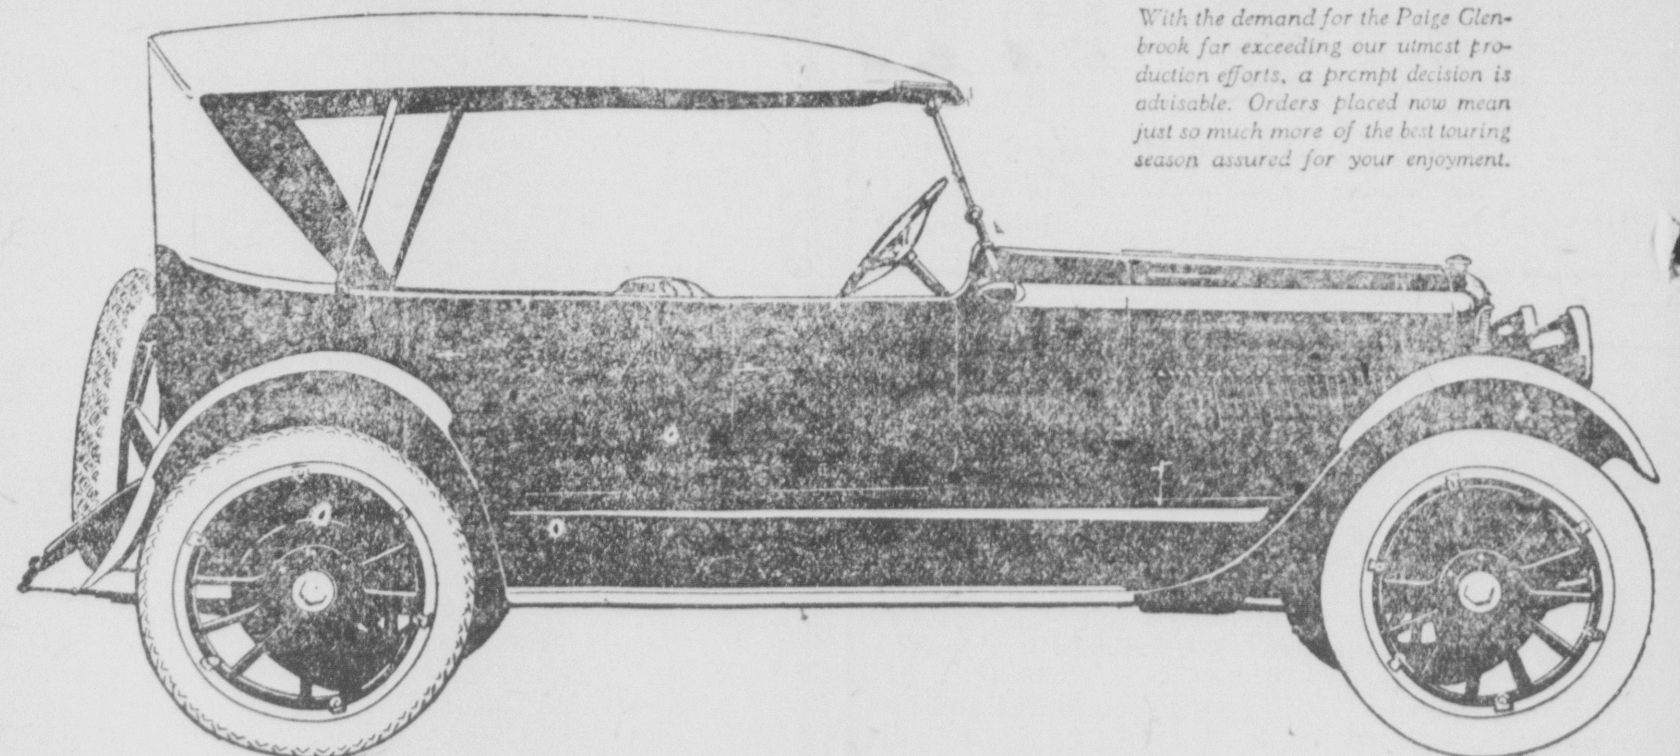

Your conclusion would be identical with so many others: that Chalmers is one of the few great cars of the world.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

It is quite evident that many believe it the part of economy to buy a Paige Glenbrook even though there are other five-passenger cars that sell for less money.

There is no longer any confusion between true economy and false economy. The former takes account of values, while the latter concerns itself only with cheapness of price.

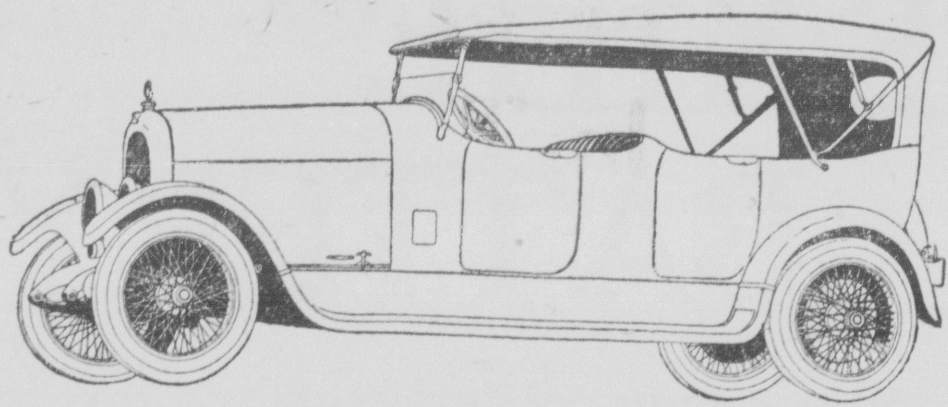

Such considerations as beauty, comfort and sturdy dependability far outweigh mere difference in original cost. The lasting enjoyment and enduring

satisfaction acquired through the ownership of a five-passenger Glenbrook are more to be considered than the few dollars which might be saved through false economy, based on comparative prices rather than on comparative values.

When once you have seen the new Paige Glenbrook and have ridden in it, you will appreciate more fully just what we mean. And you will realize then, we believe, the full truth of our assertion that it is really the part of economy to purchase a Paige Glenbrook if your requirements are for a car of five-passenger size.

A Favorite Model of the New Series Marmon 34

With the present popularity of the close-coupled touring car of limited passenger capacity, this 4-passenger, 4-door body of the New Series Marmon 34 is proving an especial favorite.

Compactness has been attained without any sacrifice of roominess and comfort. The body sides are slightly lower than in the 7-passenger touring car, and the steering wheel is set at a trifle more of an angle. Passengers are about at conversational height with a person standing beside the car.

The exceptional smoothness of operation and the remarkable road qualities of the New Series Marmon 34 are as noticeable in this as in all other models. They are the result of basic superiority of design, of advanced engineering and of the extreme accuracy of manufacturing which characterizes the High Efficiency Motor. Really to appreciate them, you must ride in the car, or better still, drive it. We shall be glad to arrange for a demonstration.

WALLIS

America's Foremost Tractor

Even the women folks are favorably disposed towards the Wallis. Its mechanical beauties are protected from the dust and rain. The Wallis is faithful and reliable. It also cuts down labor cost. And the way it increases the family budget are material facts that they readily appreciate.

Many a Wallis owner has "put it up to his wife" for a final approval, before the order was signed. Many, many times the wife has counseled the purchase of the Wallis.

It is not uncommon to hear a Wallis owner express himself like this: "The only attention I give my Wallis is to give it plenty of gasoline, water and oil, yet it goes hour after hour, day after day, with that same sweet powerful hum. Each morning it is ready. Each night finds it with no appearance of fatigue. I am glad I took my wife's advice and bought the Wallis tractor."

If you want to be sure of getting a Wallis Tractor before harvest time, and the long hot sultry days come, get in touch with us at once. Come in and let us tell you all about this Tractor.

We also have the celebrated "Hood" and "Brunswick" casings and tubes, motor oils, gasoline, automobile accessories.

Mrs. Frank Burnham very delightfully entertained the Household Science club on Wednesday afternoon, May 19. The meeting opened by singing the club song, "Illinois." Eighteen members then responded to the roll call by naming a favorite rose, and there were two guests. The minutes were then read and approved. Miss Helena Markham read, for her sister, Miss Effie, a very interesting paper on "Glaciers." Mrs. Alice Anderson read an interesting magazine article by Dr. Frank Crane, "The Greatest Delusion in the World." Discussion, "Next Year's Program," led by Mrs. H. Tucker, followed by music on the victrola. The guests were then invited into the dining room by the hostess, where a delicious two course luncheon was served. The next meeting will be held with the Misses Markham on June 2.

The eighth grade graduating exercises were held at the Christian church on Thursday evening, May 20, at 8 o'clock. The church was fittingly decorated with potted plants and spring flowers. The pupils comprising the class were, Delbert Aufdenkamp, Irma Perib, Martha Alderson, Meta Eiler, Elita Eiler, Edna McDaniel, Joe Smith, Ione Simpson, Bernice Baker and Marie Grady. As Myra Bobbitt played the march the class marched in and took their places.

Invocation—Rev. Cantrall. The following program was then rendered, the members being announced by Delbert Aufdenkamp:

Class History—Joe Smith. Reading—Bernice Baker. Essay, "Yosemite Valley"—Edna McDaniel. Piano solo—Meta Eiler. Class Prophecy—Irma Perib. Reading—Martha Alderson. Piano Duet—Ione Simpson and Elita Eiler. Class Will—Marie Grady. Address—Rev. Casely of Winchester.

YOUR car's life--its term of serviceability, its daily performance and its final value when sold as a "used car"—is determined largely by the quality of oil you use.

It is not adequate attention to this vital problem to guess at oil quality—to take ordinary bulk oil of unidentifiable gradeat careless curbstone fillings. Your car will last longer and run better if you keep on hand a home supply of

Wadham's Tempered Motor Oil

This bettered motor oil is the product of a new, superior refining process—a process which instead of producing oil whose atoms are burned, "cracked" and broken down by the excessive heat of ordinary refining, actually tempers oil to its duty in your motor. It produces a lubricant of extremely high viscosity—one that retains its lubricating qualities against dilution, heat and wear.

For your convenience, 5-gallon quantities of Tempered Oil are marketed in

**THE FAMOUS
"TOP-TIP" CAN**

The Wadham's idea of better lubrication extended to the "package"—and here is the result—the Top-Tip can. Gives you a 5-gallon home reservoir that pours oil at the touch of a finger—no waste, no slopping, no wrestling with a heavy, greasy can. Costs no more than an ordinary 5-gallon can.

DR. W. E. SPOONTS IN REVIVAL AT SALEM

Northminster Pastor is Making Favorable Impression on Salem Church Goers—Interest Increasing Daily.

Dr. Walter E. Spoonst, pastor of the Northminster Presbyterian church is holding revival services at Salem. The Salem Republican has the following to say of his work:

Interest in the revival services at the Presbyterian church continues to increase. Dr. Spoonst has made a favorable impression upon the people of Salem who are coming in larger numbers each day to hear him. He is indeed a strong man not only physically, but intellectually and spiritually. He is an orator of no mean ability, homely as Lincoln and with the same rugged countenance and simplicity of speech that characterized the emancipator.

He is a fearless speaker, hitting hard from the shoulder, but with a saving sense of humor that keeps his audience with him in spite of the sledgehammer blows he delivers now and again during his sermon. The evident sincerity of the man, the earnestness of his words, and the kindly spirit so manifest in all that he does and says is marked by all who hear him.

If his audiences continue to increase at the present rate there will not be standing room in the church before the week is out. "Spiritual Twins" will be the subject for Thursday evening. Come early and bring your friends.

The music under the leadership of Mr. W. H. Gerow, of Chicago, is proving quite an attractive feature of the meetings. All Christian singers are invited to come and help in the song service.

MOTHER OF FIRST
AMERICAN SOLDIER
KILLED IN FRANCE

Mrs. Alice Gresham Dodd,
 First War Mother of the
 Nation, Gives Entire Credit
 for Recovery of Her
 Health to the Well Known
 Medicine, Tanlac.

The following remarkable endorsement of Tanlac was given recently by Mrs. Alice Gresham Dodd, at the Gresham Memorial Home, Gavin Park, Evansville, Ind., which home was presented to her by the patriotic people of Indiana, as evidence of their appreciation of the services rendered to his country by her son, Corporal James B. Gresham, the first American soldier killed in France. Expressions of sympathy were received by Mrs. Dodd from all parts of the United States and the newspapers of the country carried the story of the first "war mother."

The shock of her son's death, resulted in the serious breakdown of Mrs. Dodd's health, but every one will learn with interest and pleasure that she is now in splendid health again. When seen at her home recently, she made the following statement, giving entire credit for her recovery to the well-known medicine, Tanlac.

MRS. ALICE GRESHAM DODD,
 of Gavin Park, Evansville, Ind.

"After my dear boy's death, I had a general breakdown in health," said Mrs. Dodd. "At first it was just indigestion. My food used to upset me and I had to diet myself very carefully, which wasn't much hardship, as I lost all desire to eat. Then I had an attack of rheumatism, with severe pains in my shoulders, back and arms. Sometimes I used to suffer a great deal and my joints were able to do very little about the house and at times couldn't even cook a meal. I got very nervous and restless, and at night would lay awake for hours, and just many a night's sleep as a consequence."

"A friend of mine had recommended a great deal of help from Tanlac,

But Earnest Invitation

Is Extended to

Clubs and Societies and to Individuals

To Attend Our

Cooking Demonstration

And Demonstration of the

"Lorain" Oven Heat Regulator

THURSDAY June 3 and 4 FRIDAY

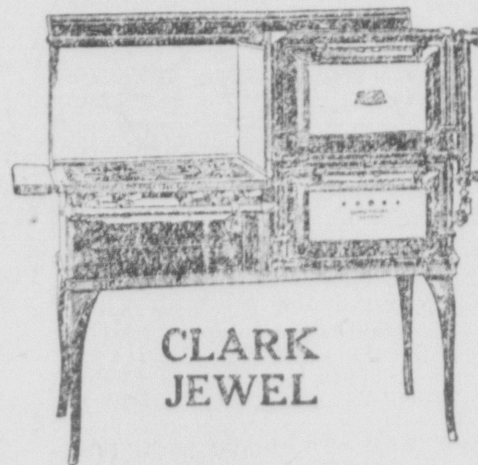

Cooking of All Kinds

will be done under the supervision of John C. Buckley, special representative of the Clark-Jewel Stove Co., on a stove equipped with the wonderful "Lorain" heat regulator. We want you to see this Cooking and Baking done.

Lovely as your cooking is you want to cook better! Of course you want to cook an easier way. Here is the way to do both!

Get a CLARK JEWEL Gas Range equipped with the "LORAIN" Oven Heat Regulator. With this wonderful invention your cooking will ALWAYS be delicious. Your regular bakings will be beautifully perfect. And your dinners cooked at one time in the oven and watched by "LORAIN" makes every afternoon free.

With the "LORAIN" there is absolutely no guesswork. You measure your heat as exactly as you do your flour and sugar. You set the wheel at the proper temperature and the heat never varies. Your results never vary. You have no "unlucky" days.

CLARK
JEWEL

And, too, you cook your whole meal in the oven at one time. No tiring hours watching and stirring your foods. Put your meal in the oven, set the wheel—then leave the house for an afternoon of recreation or shopping. You know just when your dinner will be done. While you are gone the "LORAIN" watches your cooking for you.

This wonderful invention on the CLARK JEWEL Range is now being demonstrated here. Come in and learn for yourself the marvelous accomplishments and conveniences the "LORAIN" brings to you. Also be sure and get our FREE booklet, "An Easier Day's Work." Every woman should have one.
